## Psyllium Husk

Psyllium Husk is derived from the outer coating of the seeds of *Plantago ovata*, rich in soluble and insoluble fiber. Known for its exceptional mucilage content, it swells upon contact with water, making it an effective natural fiber supplement. Originating predominantly from India, our Psyllium Husk is used worldwide in dietary supplements, functional foods, and pharmaceutical applications. Its benefits in promoting digestive health, maintaining heart health, and supporting weight loss have made it a popular choice among health-conscious consumers globally.

### Why Choose Our Psyllium Husk?

- We offer superior quality Psyllium Husk with up to 99% purity and low ash content.
- Our products come from prime cultivation regions with ideal agro-climatic conditions.
- Our processing facilities follow stringent hygiene and quality control standards.
- We provide reliable export documentation, fast shipping, and global compliance assurance.
- Dedicated to traceability and customer satisfaction for all bulk and private label orders.
- Competitive pricing supported by efficient supply chain and direct sourcing from farmers.

## Key Benefits

- ( ■ ) Supports healthy digestion as a natural bulk-forming fiber laxative.
- ( ■ ) Helps lower cholesterol levels and promotes heart health.
- ( ■ ) Aids in blood sugar regulation and management of diabetes.
- ( ■ ) Assists in weight management by promoting a feeling of fullness and reducing cravings.
- ( ■ ) Used as a natural thickener in foods and pharmaceuticals. High purity and quality from Indian origin ensure maximum efficacy.
